

## JOB ANNOUNCEMENT

The Istituto Nazionale di Astrofisica – Osservatorio Astronomico di Capodimonte (INAF- OACN) is offering a post-doctoral position in **“Fotometria PSF ed analisi variabilità stellare nel Bulge Galattico con DECam”**, coordinated by Dr. Massimo Dall’Ora. This position is the leading part of the GaGE project (PI: M. Dall’Ora)

## RESEARCH PROJECT

The postdoctoral fellow will primarily focus on the photometric reduction of DECam data of the Galactic Bulge, with an already available pipeline. Then, the work will be focused on the analysis of the obtained catalogues, in order to characterize the stellar populations of the Galactic Bulge, based on the Color-Magnitude and Color-Color diagrams, and on the search and characterization of the variable stars, as stellar population tracers and, eventually, as distance, metallicity and reddening indicators. The analysis can be conducted with already available tools, or developed by the applying post-doc.

The post-doc will primarily collaborate with Massimo Dall’Ora at INAF – Osservatorio Astronomico di Capodimonte, working closely with other colleagues who are experts in resolved stellar populations, stellar pulsation and structure of the Galaxy, working in other Italian and abroad institutes.

## ELIGIBILITY

The appointment is expected to begin by February 15, 2024, and will be for 12 months. The yearly gross salary is 28,373.85 Euros, corresponding to a net salary of around 25,000 Euros.

**The deadline for sending applications is January 30, 2024 – 11.59 p.m. (Italian time).**

## REQUIREMENTS

- PhD in Astronomy or Physics or equivalent qualification awarded by public or private Universities, Institutions, Research Organizations or Centers or other qualified research bodies, both in Italy and abroad, in the topics relevant to the scientific and technological area and the research object of this call. Or alternatively
- Master Degree in Astronomy or Physics or equivalent qualification, together with 3 years of documented experience, awarded by public or private Universities, Institutions, Research Organizations or Centers or other qualified research bodies, both in Italy and abroad, in the topics relevant to the scientific and technological area and the research object of this call.

With the sole scope of admission to this selection procedure, the equivalence of educational qualifications obtained abroad will be verified by the “Selection Committee” as of Art. 8 in the Call, on the basis of documentation forwarded by the candidate as foreseen by Art. 3 of the “Call”, provided that, in case the candidate is the winner of the aforesaid procedure, the Administration will acquire the results of the verification performed by the “Selection Committee” and will forward them together with the documentation listed in Article 3, paragraph 2, letter a) or b) of the Decree n. 189 of the President of the Republic of 30 July 2009, plus the application of the candidate, to the Ministry of University and Research with the scope to acquire the opinion foreseen in Article 4, paragraph 2 of the aforementioned Decree.

### PREFERENTIAL QUALIFICATIONS

We are particularly interested in candidates with expertise in one or more of the following:

- Knowledge of stellar evolution and variability;
- Robust experience on handling of catalogues of resolved stellar populations;
- Elements of python programming;
- Knowledge of the DAOPHOT IV (Daophot/Allstar/Allframe) suite;
- Familiarity with the most popular tools for data handling and visualization (Topcat, Aladin, etc.)

### APPLICATION PROCEDURE

Applications must be sent via certified e-mail to [inafoanapoli@pcert.postecert.it](mailto:inafoanapoli@pcert.postecert.it); or, alternatively, via email to [concorsi@oacn.inaf.it](mailto:concorsi@oacn.inaf.it)

In the email subject the applicant should make explicit reference to “**Fotometria PSF ed analisi variabilità stellare nel Bulge Galattico con DECam**”.

Applications must include the following Annexes dated and signed:

- the Application Form (Annex A);
- the self-certification Form (Annex B);

Up to two reference letters will be appreciated. contacts should address them by the deadline for application to: [inafoanapoli@pcert.postecert.it](mailto:inafoanapoli@pcert.postecert.it), or to [concorsi@oacn.inaf.it](mailto:concorsi@oacn.inaf.it), reporting in the object of the mail:

“**Assegno di Ricerca GaGE**” and the name of the candidate they are

referred to.

The applicant also needs to attach:

1. a curriculum vitae (dated and signed);
2. a complete list of relevant publications, dated and signed, which should contain all details: title, journals, years of publication, lists of authors, and web addresses on which they can be viewed;

3. a list of all submitted documents.
4. a copy of a valid identification document;
5. any other work or publication the applicant deems useful.

Incomplete or unsigned applications will be rejected.

Napoli, December 20, 2023

Il Direttore  
Dott.ssa. Marcella Marconi
